PROFESSIONAL EXPERIENCE

Prodigy Infotech

February 2024 - March 2024

Android Development Intern

Tic-Tac-Toe app: Developed a tic-tac-toe game app where two players can take turns to place their symbols (X or O) on a 3x3 grid. Also implemented a reset button in it.

Calculator app: Developed a basic calculator app that can perform basic arithmetic operations. Also implemented a day and night mode feature in it.

CodSoft

February 2024 - March 2024

Web Development Intern

Personal Portfolio Website: Created a personal portfolio using CSS and HTML. The website contains a header section, an about section, a skills section, a projects section, a resume section, a contact section, and a footer.

Landing Page: Created a landing page for an E-Book Store using HTML and CSS. Contains interactive buttons for the user to navigate through the page.

Calculator Web Application: Created a basic calculator web application using HTML, CSS and JavaScript, with interactive buttons, which can perform basic arithmetic operations.
